Dear Valued Patient,

It has been some time since we have sent out a newsletter and we sincerely hope that this letter finds you happy and healthy! We have undergone some real changes in the last few years. For those of you in the Simcoe, Ontario area, our office is **NO LONGER** in the country by Waterford but right in Simcoe proper. We are located in the main floor of the “mature” house on the corner of Queen and West Sts. right beside Rose-Le Studio(**223 West St.**) Parking is available in the parking lot behind Rose-Le Studio. **Our phone number is 429-3883** and we’d love to hear from you or see you on Mondays and Wednesdays.

Besides our new location in Simcoe, there have been some other exciting things happening. We have introduced a professional line of products available **ONLY** from our clinic. These are products which we have over the years determined to be superior to anything else we have used on the market and we are making them available **EXCLUSIVELY** to our patients and in the near future to our online customers as well.

We have recently added **DRY CELL BLOOD ANALYSIS** to the services that we are able to offer which provides a unique look at your body from the inside out. **LIVE BLOOD ANALYSIS** which we have been able to offer for some time now involves viewing a drop of your blood on a slide under magnification in its living state. We are able to view the dynamic interactions your blood has with the body in real time. The test can determine such factors as quality of blood oxygenation, protein assimilation, free radical presence, white blood cell activity, acidity, candida, parasites and much more.

When your drop of blood on the slide is allowed to dry and placed under the powerful electron microscope, **DRY BLOOD ANALYSIS** can reveal vitamin and mineral deficiencies, organ toxicity, inflammation, presence of environmental and food allergies, free radical damage, immune dysfunction, hormonal imbalance, yeast overgrowth or candida, parasites and much more. Restorative programs are also

available for such pre-diagnosed medical conditions as: Chronic pain, Cancer, HIV-AIDS, Parkinson's, Diabetes, Multiple Sclerosis, and Heart Disease.

We would like to share some interesting testimonies about some patients that we have been working with. In the area of cancer, we have been seeing some very advanced cases. Nick D. came to our Oshawa clinic with a very serious case of liver cancer. In fact, his doctors gave him only 6 months to live. It is now well over a year and a half since that prognosis and Nick is still going strong thanks to the natural remedies and treatments that God has blessed us with.

Another patient, Harold W. from our Paris office was diagnosed with lymphatic cancer and his doctors could not believe how quickly he responded to their conventional therapies. Meanwhile, we supported Harold's medical treatments with our **DRY BLOOD ANALYSIS** tests and supplemented Harold's needs with treatment based on the results of his bloodwork. Harold has been declared completely clear of the cancer by his oncologist and has been back to work fulltime for a number of months now.

Many patients from our Tillsonburg office have responded remarkably well. Jean P. found that after 4 months using our protocols, her oncologist (cancer specialist) declared that her cancer was undetectable.

Marguerite R. was feeling tired all the time. Our **DRY BLOOD ANALYSIS** determined among other things that her liver was quite congested, that heavy metals were present in her system and that she was suffering from a severe buildup of yeast (Candidiasis). After completing a course of our heavy metal chelation program, and liver and yeast cleansing, she feels great.

Ashley S. came to see Dr. Sloan in Tillsonburg with a myriad of symptoms including a total lack of energy, constant stomach aches and nausea, daily headaches, dizziness and spaciness, weakness and lack of concentration. These symptoms had begun 4 years previous and Ashley had been to several doctors, who could not find anything wrong with her. Obviously, Ashley had a number of issues but over the course of the first 6 months, Ashley saw steady improvement and now she is doing extremely well. Her mother writes "...how delighted we are to see Ashley back to her old self. She says she feels better than she has in 5 years...there is no comparison in her energy level. Thank you SO MUCH for everything you have done for her. I cannot even begin to tell you how happy and relieved we are to see her health restored."

As you are reading these testimonies, maybe you, a loved one or a friend you know is having health challenges as well. With the coming of 2004, this is a good time to start the New Year off right and call one of our offices. We would be very pleased to help you, a family member or friend to resolve **your** health problems as well. See the last

page of this newsletter for our **SPECIAL OFFER** running until the end of Feb/04!  
It's just as easy as picking up the phone and calling us. We service 3 clinics which are:

**Simcoe Office** – 223 West St., **519-429-3883**

**Tillsonburg Office** – 36 Harvey St., **519-842-3232**

**Oshawa Office** – 83 Centerfield Dr., **905-743-9595**

Most anyone in the areas from Belleville west through the Durham Area(Oshawa, Whitby, Ajax, Pickering), Metro Toronto, Mississauga, Hamilton and clear across to Windsor/Chatham and all centres north such as the London, Kitchener/Waterloo, Barrie/Orillia/Midland areas can make their way to one of our clinics. As you may have noticed, Dr. Sloan is developing a website([www.herbdoctor.ca](http://www.herbdoctor.ca)) which will be a huge step forward for us. The website will give our patients contact numbers and directions as to how to get to Dr. Sloan's offices. We even plan to have shopping online for some amazing products that we are developing or importing that will be incredible! We will have reports on these products that will educate you as to their benefits. We will keep you posted on further developments here.

Dr. Sloan can still be seen in Simcoe if his Paris/Brantford patients prefer to do so. He is also offering his patients in the Paris/Brantford area as well as other long distance patients outside of the **OSHAWA, WHITBY, BOWMANVILLE AREA** to call his **TOLL FREE NUMBER – 1-877-233-6662**. This will reach Dr. Sloan at his Oshawa office where you can talk directly with him or his staff, set up telephone appts., order product, ask questions,etc. Local patients can call 905-743-9595.

**Yours in Abundant Health,**

**David W. Sloan, NMD, PhD, RNCP**
